Activate the World!

On International Games Day, November 21, we invite groups of English learners all around Ukraine to play <u>Activate Board Games</u>. You can play at your school, with your English club, or at home with your family.

Take a photograph and email it to us and you can be part of the Activate the World! video that we will make soon after November 21.

What are Activate Board Games?

There are 11 board games designed to get English learners speaking. They are really simple and easy to use. And they work for most levels.

All the games are available for free

download from <u>AmericanEnglish.state.gov</u>. If you live in Kyiv, Ukraine and you want to host a game session, we will do our best to get you a hardcopy. Write to

KyivRELO@state.gov KevintheRELO@state.gov

How do we play Activate Board Games?

Let's

rock!

It's easy.

1. Gather players

2. Get (or make) a die/ dice

3. Get each player a

game piece—a coin a

button, a paper clip,

etc. Put these on
the space that
says "Start."

Take turns. Each player rolls the die and moves on the board.

5. Talk a lot.

Here's a sample. Let's say I am on START and I roll a four. I move to the space that says "Hot Drink." I answer, "My favorite hot drink is coffee." But I might want to add some more information. For instance, "I drink coffee every day. Several times. It just makes me feel good. It's probably the best drink ever. Although I like teas too..."

Name Your. Person Hot in the World Cold drink *i*ou have FINISH visited Time Music of day Room Sport Fruit in your or hobby home Dessert Animal or sweet Subject Film or Season TV Show school Place to Kind of spend a day weather START: Word in Let's English rock! Flavor Foreign language cream

So you see, the answer can be very short, or it can be very long. There is never a single *correct* answer in Activate Board Games. If other players ask questions, and conversations occur, that's fine. That's Activate!

Can we have more instructions?

Sure. You can

- * download the instructions here.
- * watch this 16-minute video.
- download the whole Activate Teachers Manual.

Do we have to play on November 21?

No. You can play on Friday November 20, if, for instance you have a class. Our goal is to get everyone playing on International Games Day, but November 20 is close enough.

How can we be part of the Activate The World video?

Glad you asked! After November 21, please send an email with a photo of your group playing Activate games. Tell us the name of your town, and how many people played. If you make a video, send us the link.

We will include your photo in a video showing all the groups who played Activate across all of Ukraine.
